

## SAN JUAN RADIO CONTROL CLUB 2010 EVENT REPORT

The annual SJRCC Fall Fun Fly, CD'ed this year by Gary Horst and Mitch Rein, took place on Saturday, August 21<sup>st</sup>. This year's event benefited the Farmington Animal Shelter as all pilot fees were donated and the club donated a matching amount. In addition, FastLane Hobbies provided coffee and donuts and also hosted a raffle and donated the proceeds. A donation jar was also set up during the event. Nearly \$450 total will be donated to the shelter from all sources. Wow! Thanks to all participants, spectators, and FastLane Hobbies.

Eleven pilots started the event flying fourteen planes. The event consisted of three events. Pilots had to finish all three events to be scored in the final results. Total rank determined final score. Ties were split between pilots, that is, a tie for first between two pilots would give 1.5 points to each pilot. Chris Conley took home first prize while Tim Nobis wrapped up second and third flying two planes.
