Farmington Parks and Recreation News

- Les Leach has been appointed as the city liaison to comply with the club bylaws. Ed Hartman's service in this position over the last several years (decade?) was most appreciated.
- No work will be done on the grass north of the runway in 2010 due to city budget constraints. The city will keep the club donation of \$500 in reserve for this project when the overall city budget allows. Les will check on the expected total cost to see if we are even in the ballpark as far as having the project fully funded.
